HOROSCOPE 2026

BUKIT EDITION

ARIES · Mar 21–Apr 19 You'll discover a genius shortcut home. It's one-way, it's permanent, and it ends in Nusa Dua. Call it a road trip.

TAURUS · Apr 20–May 20 Google Maps says 20 minutes. Google Maps has never met Jalan Uluwatu at sunset. Stay put, order another round and let the traffic sort itself out.

GEMINI · May 21–Jun 20 Your seven-day detox is going brilliantly. Today is day one. Again. Good news: day one is allowed a cocktail.

CANCER · Jun 21–Jul 22 A temple monkey will steal your sunglasses this week. He'll negotiate harder than your villa agent and look better in them than you did. Let it go.

LEO · Jul 23–Aug 22 Your content has never been stronger. Neither has Immigration's interest in it. Maybe caption this one "on holiday."

VIRGO · Aug 23–Sep 22 You colour-coded your whole Bali itinerary. The rainy season didn't read it. Pack a poncho and a Plan B, and make Plan B dinner.

LIBRA · Sep 23–Oct 22 Torn between Canggu and Uluwatu? By the time traffic gets you to either, you'll have aged out of both. Pick the one you're already sitting in.

SCORPIO · Oct 23–Nov 21 It's your season. Moody skies, sudden downpours, brooding over a cocktail. The whole island is finally doing your thing, so enjoy it before Sagittarius ruins the vibe.

SAGITTARIUS · Nov 22–Dec 21 You're "basically a local now." Your landlord, your Gojek driver and the 4am rooster all disagree. Learning more than "terima kasih" would help your case.

CAPRICORN · Dec 22–Jan 19 Everyone on the Bukit is building something: villas, padel courts, personal brands. You're building a tab. Honestly, best ROI on the peninsula.

AQUARIUS · Jan 20–Feb 18 You're not lost, you're "manifesting a new route." You're lost. Your phone's on 4% and it's just started raining.

PISCES · Feb 19–Mar 20 "I only came for a week in 2019." We know. Everyone did. Some of us even unpacked.

Ling's accepts no responsibility for your future. Just your bill.
